Community Forum:

Bob Hoss, 7726 E Corabel stated that they enjoy living at FOS. He questioned why the audit was not completed until August, disagreed with the finance committee making decisions, and objected to the 10% increase in the wages in the 2013 budget. Director Oien responded and explained the board would have final decision, not the finance committee.

Dorothy Sistie, 910 S 79th Pl, objected to FOS being referred to as 'the park'. Also, asked how much we were charged to have the recycling picked up. Several on the board pointed out, as

per the treasurer's report, that FOS is drawing an income of \$5000 a year from the recycling, there is no expense.

David Struebing, 8340 Fable Circle, mentioned the cars and trucks parked on streets creating a hazard for walkers and bicycles. Also, a lot of fruit is on the ground and needs to be picked up.

Director Stoll responded with data from our security reports.

Betty asked what percentage of residents was needed to approve capital improvements. She also thought a specific criterion was needed for the finance committee to evaluate items to be approved. She asked what percentage of residents asking for an improvement would be needed for it to be considered by the committee. Note: Unfortunately we could not verify the resident's last name.

Manager John Millar responded that per the bylaws a simple majority of residents was needed for approval of the improvements.

Director Kellen pointed out that they are evaluating needs and wants and that the community survey results are available to anyone, including 68 pages of comments from the residents.

Sharollette Benoit, 507 S 80th PI, mentioned the problem of delays in turning left for residents living east of the guard shack.

Director Jones explained that this is being addressed in the Broadway plans.

Scott Davenport, 7861 E Ebola Ave, pointed out that the income from the activities and bingo have helped keep our assessment fees from going up this year and asked for new volunteers to help out with the activities and committees.

Irene Burnham, 1016 S 78th St, asked for the spa not to be turned on between 9:45 and 10:15 am, as the noise interferes with the pool exercise classes.
